

# Marra Dreaming

Thursday 26 March 2009

A variety of COTA Seniors Voice, volunteers, peer educators and staff were delighted to attend a workshop on dot-painting and basket weaving as part of the Networking Clubs in the Community diversity pilot project "Our Diverse Country". Souna Saleh Assistant Project Officer provided a presentation detailing aspects of diversity in Australia, during the shared lunch.

After lunch Lyn and Mary, craft instructors from Marra Dreaming then shared their skills, experience and stories using the mediums of traditional basket weaving and dot painting. This encouraged vigorous discussion and questions and all participants enjoyed the hands on experience of both crafts. From all accounts a very interesting informative and enjoyable experience was had by all.
